

Attention: Multifamily Property Owners Utility Incentives Now Available!

Reduce energy and save money!

San Diego Gas & Electric® is pleased to announce the continuation of: **Energy Upgrade California™ — Multifamily.**

Program benefits include:

- **Cash Incentives** - Escalating incentive for deeper energy savings
- **Technical Assistance** - Building science expertise and building simulation modeling

Process:

1. **Qualify the property** — Complete property assessment form
2. **Hire a program rater**
3. **Install upgrades**
4. **Receive incentives** — Enjoy the results!

SDG&E incentives are limited and available on a first come, first served basis for qualifying properties.

Incentives:

Energy Improvement*	SDG&E (\$/unit)
5% (min)	\$250
6%	\$300
7%	\$350
8%	\$400
9%	\$450
10%	\$500

* Per EnergyPro v7 outputs

Incentives listed above are for multiple measure, whole-building upgrades. Additional incentives are available for individual energy upgrades.

We will help you identify incentives that fit your property needs including:

- Refrigerator and clothes washer replacement
- Low-flow showerheads and faucet aerators
- Heating, cooling, and water heating system replacement
- Window and door replacement
- Pool pumps and outdoor lighting
- Attic and wall insulation
